Top Material	20mm Cherry Pie premium solid surface counter top	Maintenance & Care	Goods used in construction are moisture-resistant, but not water-proof. It is important that your bathroom has sufficient ventilation. High humidity will lead to permanent dampness and mould, resulting in deterioration. Care must always be taken to dry any excessive moisture or water spillage. All cabinets should be installed at least 300mm away from showers or bathtubs. To maintain the finish on your cabinet, counter top and basins use only a soft cloth and weak solution of non-abrasive detergent.
Cabinet Material	16mm Thermolaminated PEFC Certified E0 MR MDF and HMR particle board		
Basin	Round, counter top 400mm x 120mm		
Basin Material	Gloss white, vitreous china		
Important Considerations	Colours shown in print and online are representative of the product colours and should be used as a guide only. We recommend basing your selection on physical colour sample available in showroom. Variations in the colour and pattern of materials are to be expected. Dimensions are nominal. Do not drill or rough in until you received and measured vanity. Do not measure from drawing.
