**IMPORTANT:**  
Please read all of the instructions before installation.

**GENERAL:**

- This product must be installed in compliance with all relevant regional regulations.
- It is the responsibility of the installer to ensure a waterproof seal is achieved between the product and mounting surface. If in doubt about the quality of the seal, remove the product and reinstall using silicone to ensure a seal is achieved.
- All pipe work must be thoroughly flushed prior to the installation of the mixer.
- After installation all connections must be checked for leaks.
- All outlets used primarily for personal hygiene shall deliver water at a safe temperature as per regional regulations.
