## PRODUCT DIMENSIONS

595mm Wide x 495mm Depth x 850mm High

## KEY FUNCTIONS

### FULLY ELECTRONIC WITH DIGITAL DISPLAY

Wash cycle duration, programs & time remaining are all displayed in a clear digital LED screen.

### VARIOUS WASHING PROGRAMS

16 washing programs plus my cycle cater for all your washing requirements. From intensive washing, to garment specific programs that include baby care, sports wash and synthetic. Also equipped with child lock and end of cycle buzzer.

### DELAY START FUNCTION

The 0 - 24 hour delay start function will offer you the flexibility to choose when you want to start your washing cycle.

### ENERGY & WATER CONSUMPTION

Equipped with a 2.5 star energy rating & 4.0 star water rating, this washer will take care of your washing needs without an impact on the environment & your energy/water bills.

### 15 MINUTE QUICK WASH

This cycle is specially designed for small loads of clothing with a maximum weight of 2kg, which is perfect for not too dirty garments or freshening up.

### MY CYCLE

By pressing speed button for 3 seconds is to keep the memory of washing program you regularly use conveniently.

## INSTALLATION INFORMATION

For all installation, please refer your qualified technician to our product manual.

## FILTER CLEANING INFORMATION

Drain pump filter: Requires cleaning monthly. Water inlet/hose filter: Requires cleaning every 6 months. This will ensure no interruptions with washing operation.
