Elvire Freestanding

Solid Surface Bath

Nominal Size: 1700mm x 760mm x 575mm

Elvire Freestanding

The **Elvire** freestanding solid surface bath has been designed to compliment the Elvire collection. Inspired by the unique nature and wilderness of Australia, the Elvire collection evokes a harmony of design, ergonomics and aesthetics. Crafted from solid surface with a high gloss finish, this bath exudes warmth and is soft to touch turning any bathroom into an indulging sanctuary.

1700mm long x 760mm wide x 575mm deep – standard Code No.CAEL0062W

Durability: Solid Surface is an advanced composite material consisting of natural stone and an acrylic resin. As stone is a natural product there will be slight variations in the finish under certain light conditions. We believe these natural variations add to the uniqueness of each bath's character.

Waste Outlet: Supplied with a pop-up waste which is covered with a solid surface cap.

Bath Capacity: 375 litres.

Installation: The bath is suitable for freestanding bath installations. Refer to installation instruction for further information.

Colours: White only.

Dimensions: All dimensions are in millimetres and are subject to normal manufacturing variations. Caroma pursues a policy of continuing improvement in design and performance of its products. The right is therefore reserved to vary specifications without notice.
