## Vitreous China Inset Vanity Basin

Basin Size: 430mm diameter (nominal)

A premium designed new concept inset vanity basin incorporating generous size and distinctive curved bowl area. The **Leda Vasque** has been designed to complement other products in the Leda range and is ideal for use with the Leda tapware range. For optimum appearance, a specially designed overflow chrome waste is supplied as standard. The basin is sealed to the counter top with an acetic cured silicone sealant.

**Tap Holes:** The basin is available in no tap hole only, Code No.661045.

**Waste Outlet:** The basin has been designed for the Caroma Uni-waste outlet suitable for a 40mm trap connection. Chrome covered Uni plug and chrome plated brass waste supplied. Uni-wastes available in the following options. Flush fitting plug and waste Code No.687140, Vandal Resistant Flush Fitting Plug and waste Code No. 687141 and Vandal Resistant Chrome Covered Plug and Waste Code No.687143.

**Bowl Capacity:** 3.7 litres to overflow.

**Overflow:** Overflow available only. Designed for maximum tap flow rate of 15 litres/minute.

**Fixing:** An acetic cured silicone sealant is to be used to secure the basin to the counter top. **Epoxy type glues must not be used.** The basin is supplied with a template which must be used for the counter top cut-out.

**Colours:** White only.

**Dimension:** All dimensions are in millimetres and are subject to normal manufacturing variations. Caroma pursues a policy of continuing improvement in design and performance of its products. The right is therefore reserved to vary specifications without notice.
