Durability: Sanitaryware grade acrylic resists chipping, will not rust and has excellent heat retention properties. Its high gloss finish has natural slip resistance. Minor scratch marks can be removed with gentle metal polishes, such as Brasso.

Waste Outlet: The reinforced waste outlet is suitable for 40mm diameter standard waste assembly.

Bath Capacity: 370 litres

Installation: The bath is suitable for island installations. The bath is supported around its rim and the base is supported with timber base supports. *Refer to installation instructions for further information.*

Colours: White only.

Dimensions: All dimensions are in millimetres and are subject to normal manufacturing variations. Caroma pursues a policy of continuing improvement in design and performance of its products. The right is therefore reserved to vary specifications without notice.

On the indicator lines, position and fix timber supports to base of the bath and floor with an approved floor and wall panelling adhesive or equivalent adhesive to provide a neat fit support. Ensure the rim of the bath is levelled during this procedure.
